The Louisiana Department of Health is dedicated to fulfilling its mission through direct provision of quality services, the development and stimulation of services of others, and the utilization of available resources in the most effective manner.
- 1.1.2 LDH is comprised of the Bureau of Health Services Financing (BHSF), the Office for Citizens with Developmental Disabilities (OCDD), the Office of Behavioral Health (OBH), the Office of Aging and Adult Services (OAAS), and the Office of Public Health (OPH). Under the general supervision of the Secretary, these principal offices perform the primary functions and duties assigned to LDH.
- 1.1.3 LDH, in addition to encompassing the program offices, has an administrative office known as the Office of the Secretary, a financial office known as the Office of Management and Finance, and various bureaus and boards. The Office of the Secretary is responsible for establishing policy and administering operations, programs and affairs.
- 1.1.4 In Louisiana, Medicaid is administered by BHSF. Medicaid is the public assistance program that finances primary and preventative health care coverage to low-income seniors and Individuals with disabilities. Medicaid is funded by both the Federal and State Government and covers a wide range of services including physicians, hospital, nursing home, and Home and Community-Based Services (HCBS). BHSF retains administrative authority for all Medicaid programs, services and waivers.
- 1.1.5 The Health Plan Relations section, within BHSF, has responsibility for providing information, assistance, and operational support to managed care members and providers. Additionally, the section provides administrative oversight of the Enrollment Broker contract, and compiles and analyzes enrollment data for demographic trends and other indicators of vital interest to the State's management of this program. The section also has primary responsibility for implementation, ongoing operations and oversight of Medicaid managed care delivery systems including the delivery system for acute and behavioral health care hereafter referred to as the Healthy Louisiana program.

1.2 Overview of Medicaid Managed Care System

- 1.2.1 In 2012, Louisiana implemented Bayou Health, now referred to as Healthy Louisiana, which is a managed care delivery model designed to improve health outcomes and contain costs through coordination of acute care, specialized behavioral health and medical transportation services for approximately 990,000 Medicaid enrollees. Healthy Louisiana also provides specialized behavioral health and medical transportation for an additional 103,000 Medicaid enrollees. The Healthy Louisiana program is a full risk-bearing, Managed Care Organization (MCO) health care delivery system currently comprised of five MCOs. In Healthy Louisiana, enrollees are able to choose a Health Plan that best suits the needs of the enrollee and their family.
- 1.2.2 Enrollment services for Medicaid managed care systems are provided by an Enrollment Broker. The Enrollment Broker is the primary contact for Medicaid enrollees and provides unbiased choice counseling and education about managed care options to assist enrollees in their selection of a suitable Health Plan. The Enrollment Broker is responsible for the enrollment and disenrollment process of Medicaid enrollees and serves as an impartial conduit managing the linkage between enrollee and MCO.

- 1.2.3 Currently, LDH staff establishes and recertifies Medicaid financial eligibility for individuals, and provides that information to the Enrollment Broker via the State's Medicaid Management Information System (MMIS). The Enrollment Broker has no role in establishing or maintaining Medicaid eligibility. Eligibility questions from consumers are referred to LDH. Medicaid eligibility requirements and included populations are available at www.dhh.louisiana.gov.

Where a dispute or claim arises relative to a real or anticipated infringement, the State or its Authorized Users may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.

- 7.4.3 The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) Authorized User's unauthorized modification or alteration of a Product, Material or Service; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.
- 7.4.4 In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Contract.
- 7.4.5 For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of \$100,000, the dollar amount of the Contract, or two (2) times the charges rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.
- 7.4.6 The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

7.5 Termination

7.5.1 Termination For Cause

- 7.5.1.1 The State may terminate this Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided that the State shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) calendar days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) calendar days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. Failure to perform within the time agreed upon in the contract may constitute default and may cause cancellation of the contract.
- 7.5.1.2 Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of this contract provided that the Contractor shall give the State written notice specifying the State agency's failure and a reasonable opportunity for the state to cure the defect.

7.5.2 Termination For Convenience

- 7.5.2.1 The State may terminate the Contract at any time without penalty by giving thirty (30) calendar days written notice to the Contractor of such termination or negotiating with the Contractor an effective date. Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.

7.5.3 *Termination For Non-Appropriation Of Funds*

7.5.3.1 The continuation of this contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act of Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds have not been appropriated.

2. **Confidentiality:** Contractor shall abide by the laws and regulations concerning confidentiality which safeguard information and the patient/client confidentiality. Information obtained shall not be used in any manner except as necessary for the proper discharge of Contractor's obligations. (The Contractor shall establish, subject to review and approval of the Department, confidentiality rules and facility access procedures.)

13. **Subcontracting:** Contractor shall not enter into any subcontract for work or services contemplated under this contract without obtaining prior written approval of the Department. Any subcontracts approved by the Department shall be subject to conditions and provisions as the Department may deem necessary; provided, however, that notwithstanding the foregoing, unless otherwise provided in this contract, such prior written approval shall not be required for the purchase by the contractor of supplies and services which are incidental but necessary for the performance of the work required under this contract.

No subcontract shall relieve the Contractor of the responsibility for the performance of contractual obligations described herein.
14. **Conflict of Interest:** Contractor warrants that no person and no entity providing services pursuant to this contract on behalf of Contractor or any subcontractor is prohibited from providing such services by the provisions of R.S. 42:1113.
15. **Unauthorized Services:** No claim for services furnished or requested for reimbursement by Contractor, not provided for in this contract, shall be allowed by the Department. In the event the Department determines that certain costs which have been reimbursed to Contractor pursuant to this or previous contracts are not allowable, the Department shall have the right to set off and withhold said amounts from any amount due the Contractor under this contract for costs that are allowable.
16. **Fiscal Funding:** This contract is subject to and conditioned upon the availability and appropriation of Federal and/or State funds; and no liability or obligation for payment will develop between the parties until the contract has been approved by required authorities of the Department; and, if contract exceeds \$2,000, the Division of Administration, Office of State Procurement.

The continuation of this contract is contingent upon the appropriation of funds from the legislature to fulfill the requirements of the contract. If the Legislature fails to appropriate sufficient monies to provide for the

continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

17. **State and Federal Funding Requirements:** Contractor shall comply with all applicable requirements of state or federal laws or regulations relating to Contractor's receipt of state or federal funds under this contract.

18. **Amendments:** Any alteration, variation, modification, or waiver of provisions of this contract shall be valid only when reduced to writing, as an amendment duly signed, and approved by required authorities of the Department; and, if the contract exceeds \$2,000, by the Division of Administration, Office of State Procurement. Budget revisions approved by both parties in cost reimbursement contracts do not require an amendment if the revision only involves the realignment of monies between originally approved cost categories.
19. **Non-Infringement:** Contractor will warrant all materials, products and/or services produced hereunder will not infringe upon or violate any patent, copyright, trade secret, or other proprietary right of any third party. In the event of any such claim by any third party against LDH, the Department shall promptly notify Contractor in writing and Contractor shall defend such claim in LDH's name, but at Contractor's expense and shall indemnify and hold harmless LDH against any loss, expense or liability arising out of such claim, whether or not such claim is successful. This provision is not applicable to contracts with physicians, psychiatrists, psychologists or other allied health providers solely for medical services.

The contractor has the responsibility to submit to the Contract Monitor an inventory list of LDH equipment items when acquired under the contract and any additions to the listing as they occur. Contractor will submit an updated, complete inventory list on a quarterly basis to the Contract Monitor. Contractor agrees that upon termination of contracted services, the equipment purchased under this contract reverts to the Department. Contractor agrees to deliver any such equipment to the Department within 30 days of termination of services.

21. **Indemnity:** Contractor agrees to protect, indemnify and hold harmless the State of Louisiana, LDH, from all claims for damages, costs, expenses and attorney fees arising in contract or tort from this contract or from any acts or omissions of Contractor's agents, employees, officers or clients, including premises liability and including any claim based on any theory of strict liability. This provision does not apply to actions or omissions for which R.S. 40:1299.39 provides malpractice coverage to the Contractor, nor claims related to treatment and performance of evaluations of persons when such persons cause harm to third parties (R.S. 13:5108.1(E)). Further, it does not apply to premises liability when the services are being performed on premises owned and operated by LDH.

27. **Contractor's Cooperation:** The Contractor has the duty to fully cooperate with the State and provide any and all requested information, documentation, etc. to the state when requested. This applies even if this Contract is terminated and/or a lawsuit is filed. Specifically, the Contractor shall not limit or impede the State's right to audit or shall not withhold State owned documents.
28. **Continuing Obligation:** Contractor has a continuing obligation to disclose any suspension or debarment by any government entity, including but not limited to the General Services Administration (GSA). Failure to disclose may constitute grounds for suspension and/or termination of the Contract and debarment from future contracts.
29. **Eligibility Status:** Contractor and each tier of Subcontractors, shall certify that it is not excluded, disqualified, disbarred, or suspended from contracting with or receiving federal funds or grants from the Federal Government. 30. **Termination for Cause:** The Department may terminate this Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided that the Department shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the Department may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the Department to comply with the terms and conditions of this contract; provided that the Contractor shall give the Department written notice specifying the Department's failure and a reasonable opportunity for the state to cure the defect.
31. **Termination for Convenience:** The Department may terminate this Contract at any time by giving thirty (30) days written notice to the Contractor. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.
32. **Commissioner's Statements:** Statements, acts and omissions made by or on behalf of the Commissioner of Administration regarding the RFP or RFP process, this Contract, any Contractor and/or any subcontractor

OVERVIEW

The State's Enterprise Architecture (EA) consists of seven base components running on a hyper converged platform. The seven components include the following:

1. Identity Access Management (IAM)
2. Enterprise Service Bus (ESB)
3. Master Data Management (MDM)
4. Data Warehousing (DWH)
5. Electronic Document Storage (EDMS)
6. Consumer Communications (CC)
7. Business Rules Engine (BRE)

The table below lists the specific component software.

Software	Vendor	Component	Version
Decision Center	IBM	Rules Engine	v8.x

The particular business application platform is irrelevant to the use of the EA component except in the methodology used to integrate.

- All applications or systems integrating into the EA must integrate into these components using only standard APIs or connectors.
- All applications or systems integrating into the EA must integrate through the IAM and the ESB components, irrespective of which of the other five components will be used.
- All integrations must be reviewed and approved through the State's EA governance board.

Available Connectors and APIs

The table below lists the connectors and APIs that are exposed for use. Contractors will be responsible for doing the work necessary to integrate their applications into the EA. As part of this activity, they must also work with the EA contractors as necessary to assure that all integration work meets the established standards.
